9/3/2021	Startup and Enivronmental's have been cleared and approved.  Project was rebid July 27, 2021, with the lowest bidder being M.B. Kahn Construction.  September 2, 2021, SC Department of Commerce reviewed the contract and sent a memo requesting the following changes be made to the Recommendation letter, the Certified bid tab, and the Description of Method of Procurement document to reflect the math error/change made by the lowest bidder.  Once the corrections have been received by SCDOC an Approval to Proceed will be provided.
9/8/2021	SL Grants Manager worked with Margie of AECOM to make the required changes (according to CDBG guidelines) to the Recommendation letter, the Certified bid tab, as well as verification of Addendum Acknowledgement.  The Description of Method of Procurement was completed by SL Grants Manager and returned to SCDOC on 9/8/2021. SL Grants Manager is now waiting for the Engineer to complete and sign the required documents to be sent back to SCDOC.
9/22/2021	A meeting was held in the City of Bishopville to discuss the signing of the Contract and the Notice to Proceed. The signing did not take place because the City of Bishopville's administrator was not available, and the owner of M.B. Kahn Construction was not there. The engineer discussed the project and Tammy Smith, and Chrissy Childers discussed the pre-construction information. (See minutes.) Tammy and Chrissy observed the WW Site and took pictures before the start-up of the project. (See pictures.)
9/24/2021	The Contract Special Provisions was email to the engineer, contractor, and the city. A copy will be put with the packet that was given on 9/22/2021. A phone call was made to Kay Brunson the Admin Assistant at M.B. Kahn to discuss how to send the payroll to Santee Lynches weekly and the DUN numbers for the contractor and the sub-contractors to be researched by Santee-Lynches to verify that they are in Sam.gov.
10/8/2021	Verified with Hannah Parler and that the City of Bishopville handbook was up to date. This was updated in Section 504 Folder. An email was sent to Hannah regarding the signing of

	Section 504 Compliance Schedules. The publication was sent to Lee County Observer to
	publish the Notice of Nondiscrimination. Will print on 10.20.21.
	publish the Notice of Noridischillination. Will print on 10.20.21.
10/12/2021	Received the signed 504 Compliance for Bishopville WWTP Upgrades. Input the signed form
10/12/2021	in the 504 Folder in SharePoint and put a hard copy in the 504 Folder for Bishopville.
11/1/2021	Received an email from Mohammed Yousefzadeh from M. B. Kahn, stating that the
11/1/2021	subcontractor for the project would not honor their cost and wanted \$5K more. Spoke with
	Mohammed over the phone and advised him that he could go with another sub-contractor.
	He stated that he wanted to go with Harrelson Paint, LLC. Reviewed SAM.gov and advised
	him that this subcontractor's registration expired on March 22, 2018 and it would take at
	least 3 weeks to get their company registered. Advised Contractor that they could not work
	on the project until the registration has become active. Per email from Tom Haseldon, he
	will also make sure that the Contractor/sub-contractor follow CDBG guidelines and perform
	no work on the project until they are active in SAM.gov.
11/22/2021	Email correspondence with Kay Brunson (M. B. Kahn). M. B. Kahn is requesting an
	additional classification for an "Ironworker". After verifying the Wage Decision, she was
	using the incorrect Wage Decision "Building". Verification also proved that the bid package
	is complete with the correct (Heavy and Sewer and Water Line) wage decision.
	Ms. Brunson was emailed the correct wage decision and was also advised that she will need
	to provide a letter from M. B. Kahn to request an "Electrician" classification as it is not
	included in the (Heavy and Sewer and Water Line) wage decision. Also advised her that the
	addition of a classification may take up to 90 days.
	Ms. Brunson was also provided labor posters to be posted along with the wage decisions at
	the worksite.
	Ms. Brunson was also reminded of Davis Bacon requirements and failure to provide payrolls
	weekly will affect payment request.
11/23/2021	Grants Coordinator sent a reminder email of the items discussed at the pre-construction
	meeting in Bishopville on September 23, 2021. The email was sent to Chrissy Childers,
	Tammy Smith, Tom Haselden, Mohammed Yousefzadeh, Allen Anthony, Freddie Dubose,
	Kay Brunson and Craig Metts.
12/1/2021	Santee Lynches Grants Administration send email to M. B. Kahn reference the additional
	classification for the project wage decision. M. B. Kahn was provided suggestions on
	wages to be paid, but advised that the Department of Labor has to approve the
	classification, wages, and fringe benefits. The email also advised the (project contractor)
	that the additional classification process could take up to 90 days.
2/28/2022	M. B. Kahn emailed the Grants Coordinator to let her know they will be mobilizing to the
•	site the week of March 14 <sup>th</sup> and plan to start demolition work the following week. Employee
	interviews are going to be done the week of March 21-26.
3/1/2022	The Grants Manager scheduled a 504 Compliance zoom meeting with the Grants
	Coordinator and Hannah Parler. The zoom meeting did not occur. Hannah Parler was unable
	to attend the zoom meeting.
